GAME MANIA

ABOUT THE COMPANY

Game Mania was originally a chain of physical retail stores operating in Belgium and the Netherlands. Due to financial difficulties, the physical stores were closed, but the brand later returned as an online-only platform. Today, gamemania.be continues the brand's legacy by serving customers through digital sales.

Highlights:

- Previously had physical stores
- Now operates only online
- Known brand among gamers

TARGET AUDIENCE

The website mainly targets gamers, especially teenagers and young adults who are interested in console gaming. It also attracts casual players and collectors looking for new releases or special editions.

Target users:

- Console gamers
- Teenagers and young adults
- Gaming enthusiasts

ADVANTAGES AND LIMITATIONS

Gamemania.be has several advantages such as brand recognition and a focused gaming catalog. However, since it is only an online store, some users may miss physical stores or services like in-person support.

Advantages:

- Trusted gaming brand
- Wide range of games
- Easy online access

Limitations:

- No physical stores
- Customer support is only online

CONCLUSION

In conclusion, gamemania.be is a reliable online platform for buying video games in Belgium. It successfully continues the Game Mania brand in digital form and provides gamers with access to popular titles and new releases. The website is suitable for modern online shoppers and gaming fans.
